DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Philip Hoffmann on 3/16/2004.

Replace the last paragraph of the claim 13 with the following limitations: a resistor, one end of which is connected directly to a connection path between the first capacitor and the input terminal of said first transistor, and another end of which is connected directly to a connection path between the second capacitor and the input terminal of said second transistor.

Reasons for Allowance

Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 1 and 13, the closest prior art of record, Maeda et al does not disclose the following limitations: a resistor, one end of which is connected directly to a connection path between the first capacitor and the input terminal of said first transistor, and another end of which is connected directly to a connection path between the second capacitor and the input terminal of said second transistor.

Art Unit: 2817

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Henry Choe whose telephone number is (571) 272-1760. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bob Pascal, can be reached on (571) 272-1769.
